PROFESSIONAL SUMMARY

AI Full Stack Developer with 1.5+ year of experience building and deploying web applications, integrating LLMs, and developing end-to-end product workflows. Skilled in AI orchestration, prompt engineering, REST APIs, databases, and cloud technologies.

SKILLS

- **Frontend |** React.js, Next.js, Tailwind CSS
- **Backend |** Node.js, Express.js, REST API Development
- **Databases |** DynamoDB, MongoDB,Firebase, MySQL, Redis
- **DevOps |** Docker, AWS, Netlify, WebSockets, GitHub

AI Integration | LLM APIs, Prompt Engineering
Languages | JavaScript, Python
Soft Skills | Communication, Problem Solving, Team Collaboration

PROFESSIONAL EXPERIENCE

Software Engineer | SportsFan360, May 2026 - Present
● Automated end-to-end admin workflows by integrating frontend interfaces with backend APIs and database operations.
● Built data pipelines for collecting, cleaning, validating, and integrating data into databases and UI components.
● Designed database schemas for player profiles, notifications, and store modules; integrated data models with application interfaces.
● Worked with Firebase, DynamoDB, AWS, and Netlify to support data management, application deployment, and product development.

Full Stack Developer | EventsBridge, April 2025 - March 2026
● Optimized APIs and database queries, improving LCP by 37%, FCP by 43%, and CLS by 68%.
● Implemented Redis caching and React Query to optimize data fetching and reduce response times.
● Developed OTP authentication, financial API integrations, and real-time admin dashboard workflows.
● Integrated code across modules, increasing mobile traffic by 30% and reducing bounce rate by 20%.

PROJECTS

GitHub: (900+ commits, active contributor)

AI Interview Taker – AI-Powered Interview Practice Platform | GitHub
Tech: Node.js, Express.js, MongoDB, Gemini AI, JWT
● Built and deployed an AI interview platform with real-time simulations and personalized LLM feedback.
● Developed AI workflow orchestration, response evaluation, performance tracking, and JWT-based authentication.

InstaCrm– CRM System | GitHub
● Built a CRM with lead tracking and automation to streamline sales workflows and reduce manual effort.
● Developed reusable outreach templates and bulk import functionality to simplify communication.

CERTIFICATION & ACHIEVEMENTS

- **Built and deployed AI-powered applications using Google AI Studio** with training in prompt engineering, AI application design, and cloud-based deployment workflows.
- **Udemy Certified React Developer -** Built three real-world React applications focusing on modern React development and responsive UI design.
- **Full Stack Web Development –** Apna College: Developed full stack web applications using MongoDB, Express.js, React.js, and Node.js.
- **GATE 2025 – Qualified:** Demonstrated strong knowledge of computer science fundamentals and problem-solving.

POSITION OF RESPONSIBILITY

Google developer groups | Core Member (DSA/CP) - Collaborated on community events and organized workshops to promote tech awareness at BN College Of Engineering And Technology.

EDUCATION

- **B.Tech in Computer Science** **(2021 - 2025)**
  Dr. A. P. J. Abdul Kalam Technical University, Lucknow Percentage : 73.21% (CGPA: 7.82)
- **Senior Secondary (12th), ICSE – 2020**
  St. Antony's Inter College, Lucknow Percentage: 83.25%
